www.flezco.com

Flezco is a Saudi metal industries company and a proud subsidiary of **Shades Systems Company**, established in 2006. We deliver integrated engineering and structural solutions across the Kingdom, specializing in metal fabrication, shading systems, and decorative metalwork. With innovation, precision, and architectural finesse, we bring lasting value to every project.

About Us

Flezco is a specialized Saudi company in the metal industries sector and a subsidiary of Shades Systems Company, established in 2006 in Jeddah. Over the years, we have earned a strong reputation as a trusted provider of **integrated engineering** and **structural solutions** throughout the Kingdom of Saudi Arabia.

We bring ideas to life through innovative design, precision execution, and a commitment to the highest standards of quality. Our core services include **advanced metal fabrication**, **shading systems**, and **decorative metalworks** — utilizing cutting-edge technologies such as **laser cutting** and **electrostatic powder coating**.

At Flezco, every project is an opportunity to deliver exceptional value. Guided by a team of skilled engineers and technicians, we combine creativity, craftsmanship, and innovation to support infrastructure, commercial, and architectural developments across the region.

Flezco... Shaping Metal. Building Trust.

3,000+
Our Clients

What Services Do We Provide?

At Flezco, we offer a wide range of specialized services in the field of metal industries, designed to meet the diverse needs of infrastructure, commercial, and architectural projects across Saudi Arabia. Our core services include:

Metal Fabrication

Custom metalwork solutions for structural and decorative purposes, tailored to project specifications.

Shading Systems

Design, manufacturing, and installation of high-quality outdoor shading structures for commercial and public spaces.

Steel Structures

Engineering and execution of robust steel frameworks for various construction and industrial applications.

What Services Do We Provide?

Decorative Metal Applications

Aesthetic and functional metal features, including facades, screens, railings, and artistic installations.

Laser Cutting Services

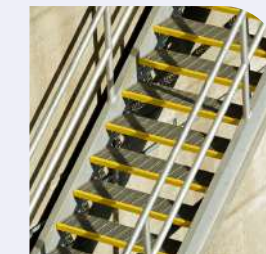

Precision cutting of metals using advanced CNC laser technology for high accuracy and complex designs.

Electrostatic Powder Coating

Durable and environmentally friendly finishing solutions for metals, ensuring longevity and premium appearance.

Custom Engineering Solutions

End-to-end project support from concept to execution, combining creativity, efficiency, and technical excellence.

Our Vision

Our vision is to lead in innovating and customizing steel products that surpass our customers' expectations. We aim to be the primary supplier for all steel needs, with a commitment to quality, service, and innovation that goes beyond industry standards. We seek to develop innovative solutions that reflect modern developments in design and construction, contributing to enhancing the urban environment in the Kingdom.

Our Mission

Our mission is to work diligently to develop the most effective ways to expand our operations in Saudi Arabia and other Arab countries and contribute to community service by providing high-quality products. We also focus on establishing technical connections with renowned global companies in steel and shade systems, which helps enhance our expertise and provide comprehensive solutions.

Our Projects

About Our Projects

At Flezco, we proudly deliver high-quality engineering and metal fabrication solutions across the Kingdom of Saudi Arabia. Our diverse project portfolio spans infrastructure, commercial, industrial, and architectural sectors. From advanced **shade systems** to **heavy-duty steel structures**, each project reflects our dedication to durability, precision, and design excellence.

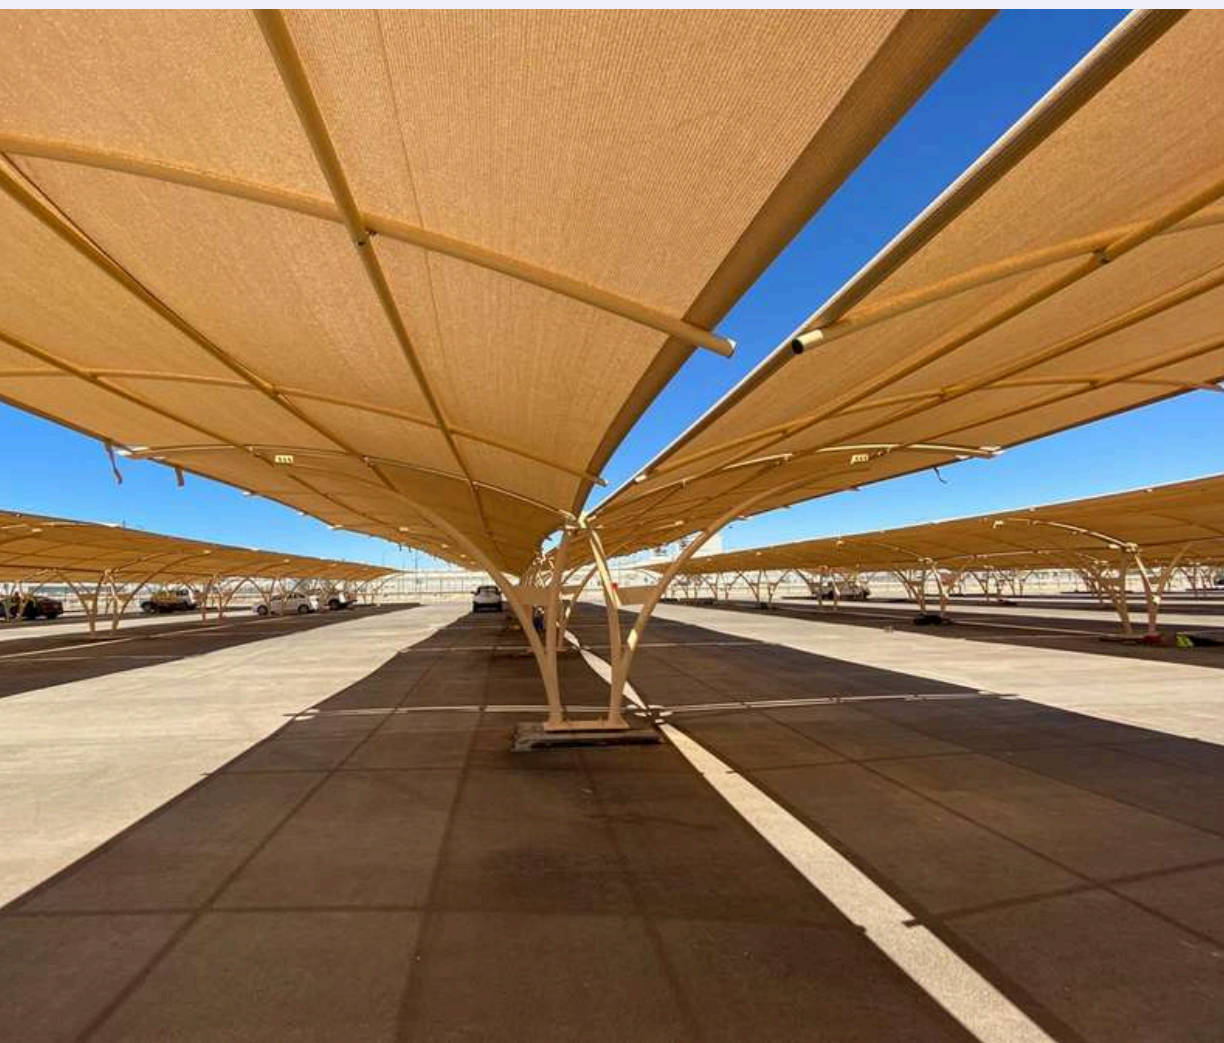

We have successfully executed projects in collaboration with major contractors, government entities, and leading organizations, including prestigious developments for Saudi **Aramco**, **NEOM**, and other national **giga-projects**. Our work extends across key cities such as **Jeddah**, **Riyadh**, **Dammam**, and remote industrial zones, supporting the Kingdom's vision for innovation and development.

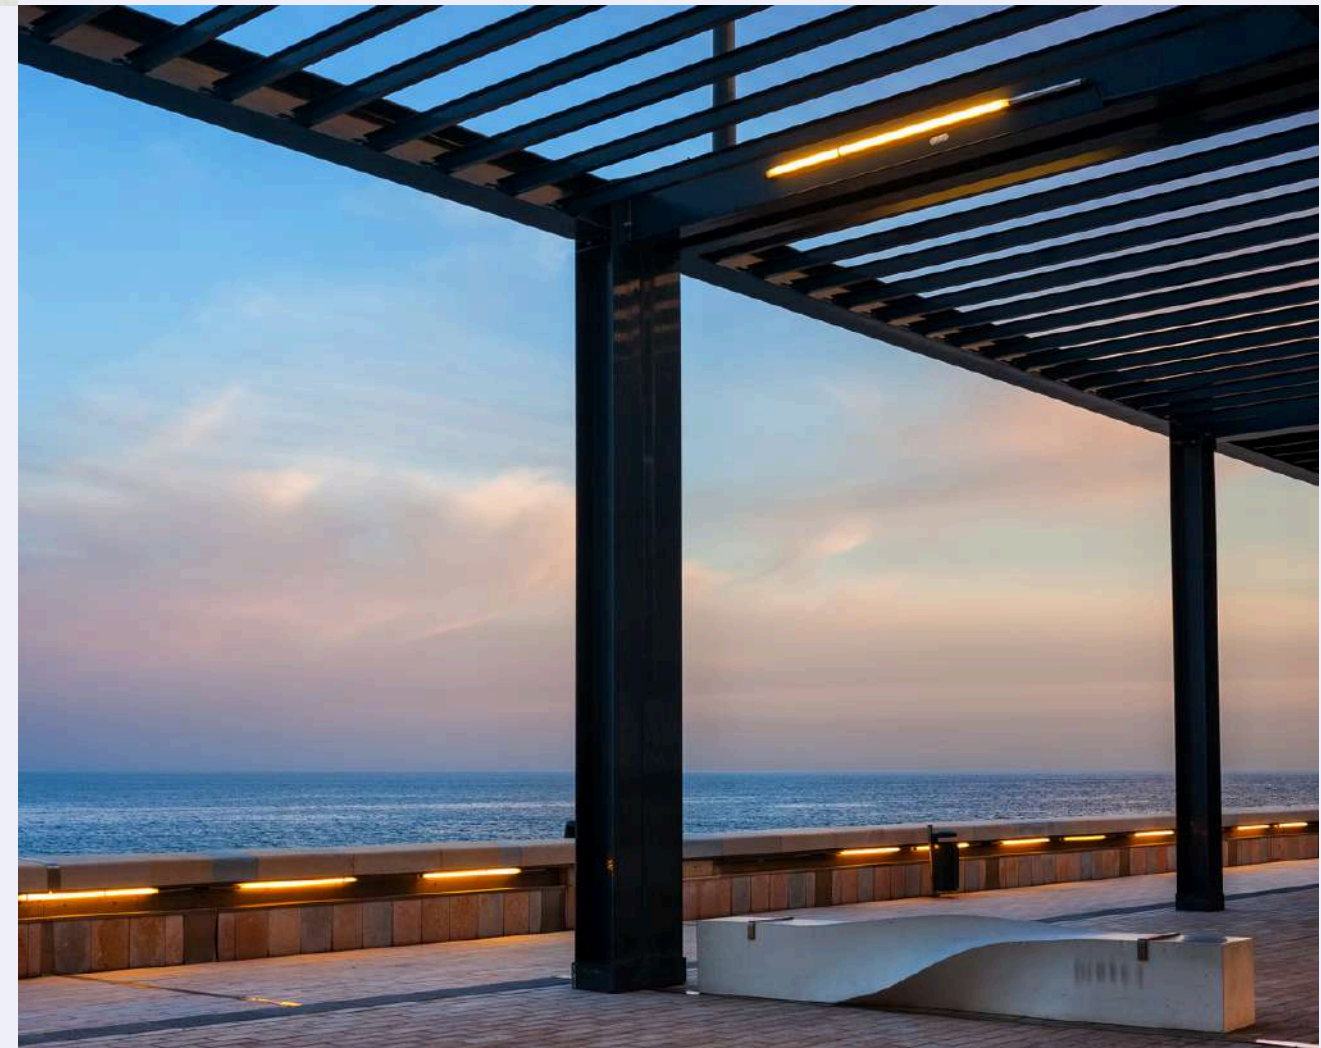

At Flezco, we proudly deliver elegant and functional solutions that enhance the aesthetics and usability of outdoor spaces. Our work in **modern decorative lighting poles** combines architectural style with durable engineering, transforming public areas, commercial zones, and walkways with efficient and visually striking lighting.

Our Projects

In the field of **outdoor shading**, we specialize in **HDPE car parking shades** and **commercial pergolas**, designed to provide comfort, UV protection, and visual harmony. Whether for residential compounds, office buildings, retail areas, or hospitality spaces, our **shading solutions** are engineered for performance and built to elevate the overall design.

At Flezco, we deliver custom-engineered **car parking shade solutions** that combine structural strength with modern aesthetics. Our projects span commercial, residential, and public sector developments, offering shade solutions that enhance both functionality and visual appeal.

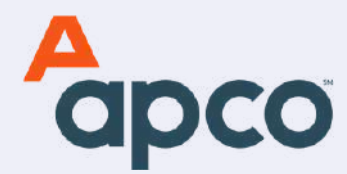

Our Projects

We offer a wide range of designs, including **cantilever**, **arched/curved**, and **pyramid-shaped structures**, all tailored to site requirements. Our shades are covered with high-quality fabrics such as **HDPE, PVC, and PVDF**, ensuring long-lasting performance, UV protection, and resistance to harsh weather conditions.
